RINGWOOD-based Parent Support Network celebrated Christmas at Bill Hill miniature railway on Saturday, December 1.

Among the special guests were children with a disability, their parents, carers and siblings.

These deserving families experienced the joys of Christmas, Aussie Style: snaps on the barbie were high on the agenda amid the jumping castle, animal farm and Santa making a surprise visit - riding a train, ringing his bell and handing out lollies to the kids.

Excitement and laughter were the order of the day at the first, of what hopes to be many, joint ventures hosted by the network and Rotary Club of Balwyn.

Bendigo Bank chairman Dick Menting supported the day not only by financing the event, but also attending the day and raffling off prizes.

We look forward to an ongoing partnership with the helpful and dedicated members of Rotary - without them this day would not have been possible. Big thanks to our families for sharing and enjoying this day with us.
